MEMORANDUM OF UNDERSTANDING

With respect to the return of the administrative rights over Okinawa to Japan, the representatives of the Government of Japan and the Government of the United States of America have reached the following understandings on the question of air services to and through Okinawa, in both directions, by the United States airlines and of the amendment to the schedule attached to the Civil Air Transport Agreement between Japan and the United States of America of August 11, 1952, as amended.

1. The schedule attached to the US-Japan Civil Air Transport Agreement, as amended, will be amended in accordance with the diplomatic notes attached effective with the date of reversion of Okinawa to Japan.

This amendment shall not be affected by the existence or termination of the five year period mentioned in paragraph 3 below.

2. In accordance with the understandings described in paragraph 1 above and in the attached diplomatic notes, it is the intention of the Government of the United States, when Okinawa reverts to Japan, without prejudice to the right of multiple designation conferred by Article 4 of the Civil Air Transport Agreement, to designate Trans World Airlines and Continental/Air Micronesia Airlines (or an alternate United States airline authorized by U.S. aeronautical authorities) on revised Route 2, for services to and through Naha and to redesignate Northwest Airlines on revised Routes 1 and 2, as well as Flying Tiger Lines on Route 1.

3. During a five-year period to commence on the date administrative rights over Okinawa are returned to Japan, the value of Okinawa traffic rights of the United States airlines referred to in paragraph 2 above shall not be taken into account when reviewing the overall balance of benefits under the Civil Air Transport Agreement, as amended. Following this five-year period, the overall balance of benefits will include the value of Okinawa traffic rights. The United States will, at the request of the Government of Japan, consult with Japan at the end of the five-year period to determine whether the overall balance of benefits, including the value of Okinawa traffic rights, warrants modification of the route schedule of the agreement.

(Japanese Note)

Excellency:

I have the honor to refer to the recent discussions concerning air transport services with respect to the return of the administrative rights over Okinawa to Japan. The representatives of the two Governments agreed to recommend to their respective Government the deletion of the Schedule attached to the Civil Air Transport Agreement between Japan and the United States of America which was signed at Tokyo on August 11, 1952, as amended, and the insertion of a new Schedule to that Agreement, which is enclosed with this Note.

I have further the honor to inform Your Excellency that the Government of Japan accepts the new Schedule and to propose that this Note and your reply thereto, indicating the acceptance of the new Schedule by the Government of the United States of America, will constitute an agreement between the two Governments further amending the Civil Air Transport Agreement, as amended, which will enter into force on the date administrative rights over Okinawa are returned to Japan.

I avail myself of this opportunity to renew to Your Excellency the assurances of my highest consideration.
